

CROSSROADS

ABOUT US

We are imperfect people...
We are broken, yet beautiful.
We are weak made strong.
We are sinners saved by grace.
We are redeemed!

In 2001, God planted the idea for Crossroads in the minds of a few guys who were committed to doing church differently. Inspired by years of youth ministry, church camp, conferences, and authentic interaction with real people, these guys shared their vision with a few other equally passionate, crazy people... and Crossroads was born with a vision to intersect people with GOD through relevant, authentic worship, messages, multi-media, and illustrations.

We believe church shouldn't be stuffy and boring, because God's not stuffy and boring!

We believe church should be relevant and applicable, and that YOU should walk out of the building changed and challenged.

We believe God is the only one who can change you, but it is our job to teach and challenge you.

We believe in laughter, and we aren't afraid to make that a part of our services.

We believe in variety. God speaks to different people thought different ways' therefore, we use music, videos, drama, pictures, metaphors, object lessons, and even bad parodies at times!

We believe God loves you just as much in your sweatpants as he does in your suit.

We believe we are all a mess, and church is a place for hope, healing, authenticity, and love instead of judgement, condemnation, criticism, and masks.

We believe that God loves you. There is nothing you can do to make him love you anymore. There's nothing you can do to make Him love you any less.

We believe in GRACE and we want everyone to experience that same grace and allow it to change the way that you lives!
